UNALLOCATED CLIENT ACCOUNTS

Solve any issues with regards to unclaimed or unallocated client accounts and give the chance of a brighter future while you do it...

The pots of money that make up unallocated and unclaimed client accounts are often untouched for years and can be a burden to your firm for the following reasons:

1. You may be in breach of your governing body regulations
2. They impact negatively on your auditing score
3. Tasking an employee and / or an external agency every year to try to trace the owner can be costly and time consuming. You are not allowed to charge these activities to the client accounts
4. Your accountant needs to report on them to your governing body.

By partnering with Manchester Youth Zone and donating money from these accounts, you will not only be relieving annual administrative burden and achieving your CSR goals - you will also be helping young people break through boundaries and lead healthier and happier lives.

Governing bodies like the; FCA, SRA, IPA, ICAEW rule that firms must return balances on the client accounts promptly as soon as there is no reason to retain the funds. Any that remain unclaimed or cannot be allocated, may not be used for any other purpose than donating to charity... we'd love to tell you why MYZ would be a great choice!

WHY MANCHESTER YOUTH ZONE?

We support some of the city's most vulnerable young people and families, while building mutually beneficial partnerships with our supporters

What we do...

At our most simple, we provide young people age 6-19 (25 with additional needs) with 'somewhere to go, something to do and someone to talk to'. We offer a safe space (physically and virtually!) and are available when schools are shut. We are dedicated to our mission that all young people deserve the best chance of a bright future, whatever their background.

Based in Harpurhey, North Manchester, we work with some of the most vulnerable children and families in the city, welcoming 1000 visits per week pre-Covid.

In 2019 we were voted 'North West Charity of the Year' for our groundbreaking work within the community and beyond, and still hold the title.

When Covid hit, we knew we had to continue to reach young people when they needed us most, so we adapted and we changed our offer to make sure we met the also adapting and changing needs of our members... along came #VIRTUALMYZ.

Alongside our physical offer for those most vulnerable - in the last 6 months, we provided...

622 HOURS OF MENTORING AND 1400 WELLBEING PHONE CALLS!

OVER 900 ZOOM SESSIONS FROM FITNESS TO MUSIC LESSONS, GAME NIGHTS TO COOKING, ENTERPRISE SKILLS AND MORE

OVER 10,000 MEALS FREE OF CHARGE TO THE LOCAL COMMUNITY

HOW DOES IT WORK?

The process is a simple one, but varies slightly depending on your governing bodies. We have included below the processes identified for firms regulated by FCA, SRA, IPA and ICAEW. If your firm is regulated by other bodies, please get in touch and we will find out the correct process for you!

FCA

1

Take adequate steps to trace the owner of the money

2

Make reasonable attempts to return the money to the owner or the firm you got it from

3

Record and retain steps taken to return the money, along with all documentation

4

Apply for a CASS waiver or a rule modification*

5

Donate to Manchester Youth Zone and keep receipt of donation

*The FCA may offer a general waiver or modification to firms where an unmodified rule would not meet the circumstances of a particular category of firm. For example, one of our supporters applied for a modification to CASS rule 11.4.2R - to apply for a modification or waiver, you can do so [here](#).

If your firm is also in a position to donate from client's Safe Custody assets, the relative information can be found [here](#).

SRA

Donating from residual client balances is a swift and easy process...

1

Make adequate attempts to establish the identity of the beneficiary

2

Take reasonable steps to return the money to the rightful owner

3

Record and retain steps taken to return the money, along with all documentation for at least 6 years

4

Keep appropriate accounting records

5

Donate to Manchester Youth Zone*

*For amounts over £500 you will need the SRA authority before removing this money from the client account. You can apply for this [here](#).

IPA

1

Take adequate steps to trace the owner of the money

2

Make reasonable attempts to return the money to rightful owner

3

Record and retain steps taken to return the money, along with all documentation

4

Provide an audited set of accounts to the IPA with the intention to donate the money to MYZ*

5

Donate to Manchester Youth Zone

No guidance is currently stated within the IPA [set of rules](#), but one of our supporters followed the above steps and successfully completed the donation.

ICAEW

1

Take adequate steps to trace the owner of the money

2

Make reasonable attempts to return the money to the owner

3

Record and retain steps taken to return the money, along with all relevant documentation

4

Donate to Manchester Youth Zone

ICAEW regulation 32 enables firms to pay unclaimed clients' money to a registered charity. The client must have remained untraced for 5 years. Sums of below £10,000 (per client) may be paid to any registered charity. For sums of £10,000 and above (per client), the registered charity must provide an indemnity against any claim subsequently made by the client for the money.

There is no requirement to take steps to trace the client when a firm is ceasing to trade.

More information can be found [here](#).

WHAT YOUR SUPPORT CAN DO...

We equip young people with the tools they need to succeed - tools that increase their confidence, allow them to build and develop positive relationships and remain inspired by the opportunities their futures hold.

For the kids who dare to dream, the kids who have forgotten to dream, and the kids who are afraid to dream, we are there for them - and you can be too.

£5 could pay the annual membership for a young person who might otherwise not be able to afford it

£120 could pay for a months cooking sessions and ingredients for 3 young people

£1,000 could provide 10 young people with a hot and nutritious meal on session for a whole year

£5,000 could contribute to our Young Leaders programme - providing 14 to 18 year olds with leadership training,

£10,000 could allow 100 young people to become inspired in our 'Makers Space', allowing them to develop and launch products

£20,000 could enable 30 young people aged 9-13, vulnerable to child criminal exploitation, to take part in our Junior Choices Programme
